

Our school year is quickly coming to an end! We are starting to wrap up final projects and get ready for the end of the school year. The students worked hard to finish up assessments and we are ready to enjoy some learning inside and outside with the nice weather coming up.

*Thank
You*

Thank you to the ladies in the kitchen for the delicious lunches and treats! We are so grateful and enjoy coming for a visit everyday.

From the Guidance Counsellor:

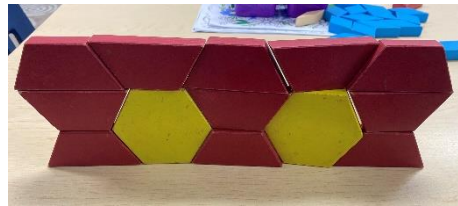

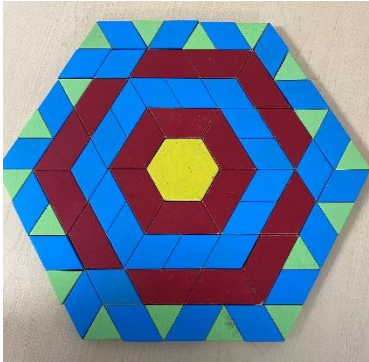

The theme in Guidance for May was RESILIENCE. Resilience is defined as the capacity to withstand or recover quickly from difficulties or tough times, essentially it is bouncing back from challenges and adversity. Students learned that being resilient requires persistence and never giving up, even when we fail. Being unstoppable and getting back up after set-backs makes a person stronger. We are encouraging students to overcome the unexpected and persevere even when we think we can't do something.

"Life doesn't get easier or more forgiving, we get stronger and more resilient."

"Resilience is your armour against hardship and failure."

Early Years

The Early Years class has helped the kindergartens get used to our class routines on Fridays during our math centers. The Kindergartens have fit right in and always work hard. The kids have been getting very creative with pattern blocks.

Reminders

Please take a look at home for any stray Bookmobile books. The last pick up date will be on June 23rd. If you find any books around your house with "Kelsey School" please return them to the school.

Important Dates
