

Rock Lake School

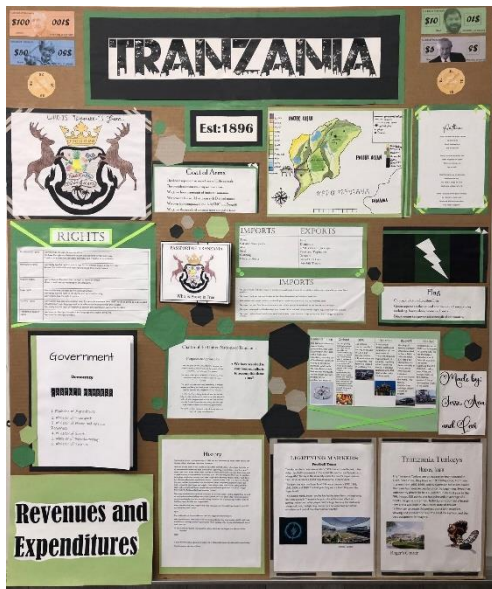

March News

Once again, March flew by and boy are we ready for Spring! Projects were a main activity this month as the early years students created Australian animal habitat dioramas, the middle students built models of the provinces and territories of Canada and the high school class has been working in groups to create their own country. These projects will be on display Friday, April 4 for the community to view.

AUSTRALIAN OCEAN
THIS IS THE OCEAN AROUND AUSTRALIA. IT HAS SEA GRASS AND SEA WEEDS. MANY ANIMALS SUCH AS DOLPHINS, SHARKS, JELLYFISH, LEAFY SEAHORSES AND CRABS LIVE HERE. SHARKS EAT SEALS, FISH AND JELLYFISH. JELLYFISH EAT PLANKTON FISH AND PLANTS

Important Dates to Remember:

April 18- Good Friday- no school

April 20-Easter

April 21 & 22- No school
