

# MALLARD SCHOOL

February is always I love to read month at school. The high school girls are participating in a reading challenge to see who can read the most pages. They have a leaderboard that is updated daily. Raina is the winner so far!

Mrs. Jensen's students are all reading to challenge themselves to read more books and different genres of books! All students will participate in a celebration of reading with a pizza lunch that they earned by reading books, and a movie.

The early and middle years students learned about the element of form in Art and made heart sculptures and paper sculptures.
