

Lightly School's Clearly Delightful News

June 2026

Mrs. Cassidy's Corner

Wow, this year has flown by, and here it seems we are at the end of June already! What a busy month it has been. Swimming lessons came to an end and students thoroughly enjoyed a free swim time for their final class. Improving swimming skills and being reminded of water safety is so important with summer coming.

A big thank you to everyone who made time to attend Portfolio Day! The students work hard all year, and take the time to go through and assemble their work for everyone to see. I am so happy that this colony shows the students that their work and school is valued.

I hope that the Dads and men of the colony felt appreciated on their special day. They work so hard to keep everything running smoothly and take care of the colony and their families.

The field trip was a great success and I heard many positive comments. I hope the community enjoyed the picnic. So much time and effort from so many different people goes into to the day!

There are far too many names to mention, but I hope you all know, that I and the colony appreciate all the work!

Speaking of thank you, I would like to take this opportunity to say a few myself. I would like to start with Ms. Gorman, and thank her for her work with students, and her kindness. Priscilla for her dedication to the school and her invaluable help. I would like to acknowledge Miss Sophia, a graduating student from Stonewall Collegiate, who has volunteered her time to come in and help out. She will be going to school to become a teacher and she will be amazing! To Linda and the kitchen ladies for all of the fantastic food and treats. Ms. Gorman and I have been truly spoiled. To Megan and Marian for coming in and teaching music! To Martin for all of his support and help. To the parents and community, for your support and dedication to your children. I also need to thank Mrs. Griegson, Mrs. Ladyka, and Mrs. Sigurdson for all of their help and assistance throughout the year. I am sure I have forgotten to mention one or two people, but just realize it really does take a village to raise a child, not to mention a school.

I have truly enjoyed my time here at Lightly and Clearwater Colony. Your dedication to the education of your children is something to be proud of! Education not only means school and academic learning, but also the manners and care and compassion, and rich experiences that it takes to be well-rounded contributing members of a community. I thank you for your generosity and support, and of course all of the fond memories that I will carry with me. I will miss all of you and hopefully will be around to visit.

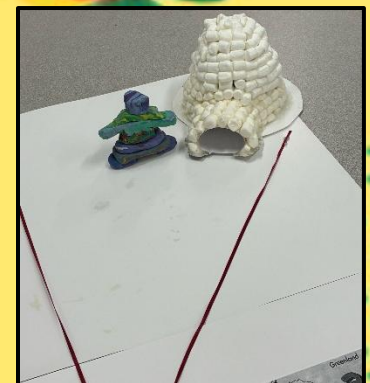

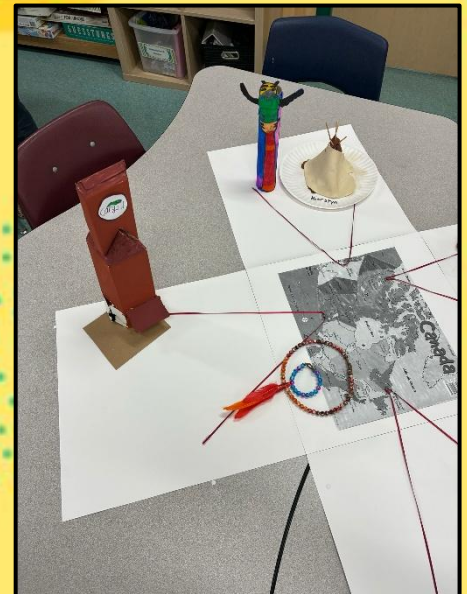

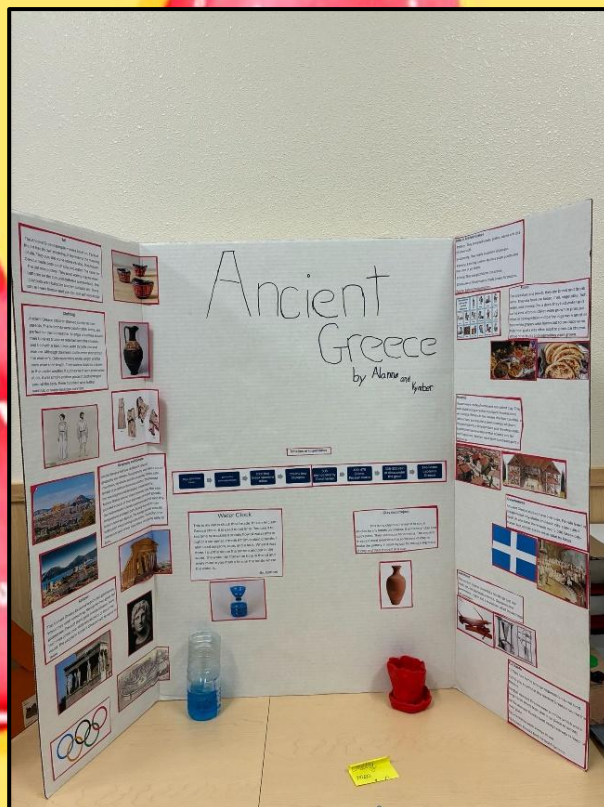

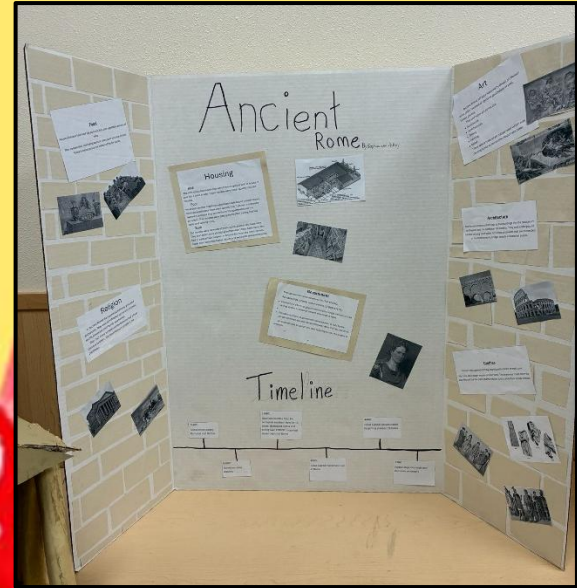

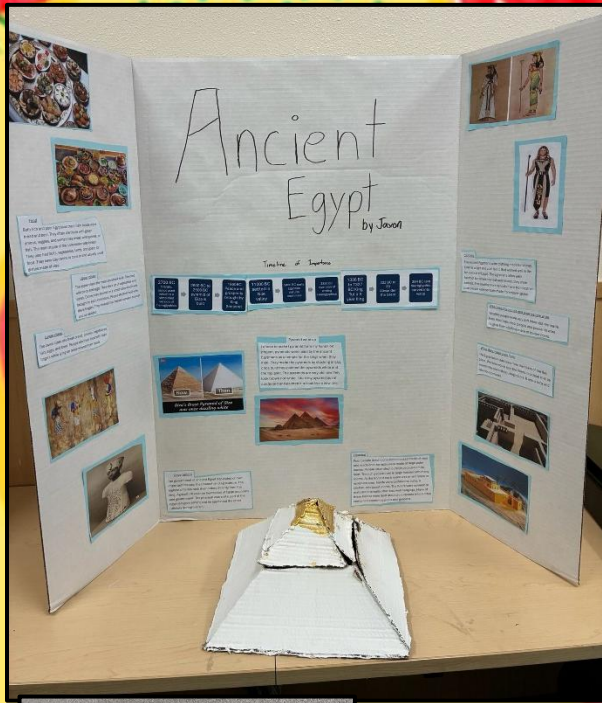

I know that Ms. Farnworth is looking forward to being here in the fall. She will most likely be in the school over the summer setting up and getting organized. I hope she enjoys the students and colony as much as I did! The first day back will be September 10/26.

God Bless and keep you all safe this summer!

Mrs. Cassidy

Projects Galore

The kids have been spending the last couple days finishing up their social studies projects and they ended them by presenting them to the school. There was plenty of nervous energy as they took turns talking about all they've been researching and learning about.

Portfolio Day

The kids got time on portfolio day to show their parents their work and talk about the things they're proud of. Everyone wandered around and signed the students' autograph books and complimented their efforts. We would also like to extend our congratulations to our two Kindergarten students who graduated Kindergarten on June 17. We are very proud of you Avatia and Dallas, you've worked really hard.

Jumping Into Our Field Trip

Our students spent the afternoon on June 19 swimming their hearts out at the Arbory Aquatic Park. There were water slides, a massive pool, really cool vortex section and splashing mushrooms everywhere. The kids had a great time and enjoyed some ice cream on the way home.

Family Fun Day...

The family fun day picnic is always a good time. The entire community enjoys showing up to eat cotton candy, sip some drinks and get their faces painted. We play games, slide down the giant water slide and eat way too much sugar. All in all its usually a pretty fun day.
